Index to volume 117

SUBJECT INDEX*

A

Abdomen, acute
Acute abdomen in the hemodialysis patient population (Bender et al). 1995;117:494-7
Acknowledgment
Acknowledgment. 1995;117:120
Adenoma
Parathyroid adenoma weight and the risk of death after treatment for primary hyperparathyroidism (Hedbäck et al). 1995; 117:134-9
Adhesions
Analysis of the kinetics of peritoneal adhesion formation in the rat and evaluation of potential antiadhesive agents (Harris et al). 1995;117:663-9
Adrenal gland hyperfunction
Adrenal surgery for hypercortisolism–surgical aspects (van Heerden et al). 1995;117:466-72
Adrenal glands
Adrenal surgery for hypercortisolism–surgical aspects (van Heerden et al). 1995;117:466-72
Adrenalectomy
Laparoscopic adrenalectomy for Cushing's syndrome: comparison with primary aldosteronism (Go et al). 1995;117:11-7
Adriamycin; *see* Doxorubicin
Aged
Outcomes of open cholecystectomy in the elderly: a longitudinal analysis of 21,000 cases in the prelaparoscopic era (Escarce et al). 1995;117:156-64
Should primary hyperparathyroidism be treated surgically in elderly patients older than 75 years? (Chigot et al). 1995;117:397-401
Aldosteronism; *see* Hyperaldosteronism
Allergy; *see* Hypersensitivity
Alteplase
Prognostic significance of three novel biologic factors in a clinical trial of adjuvant therapy for node-negative breast cancer (Yamashita et al). 1995;117:601-8
Amino acids
Protective effects of a novel 32-amino acid C-terminal fragment of CAP18 in endotoxemic pigs (VanderMeer et al). 1995;117: 656-62
Ampulla; *see* Vater's ampulla
Anaphylaxis
Latex allergy—report of an anaphylactic reaction (Scriven et al). 1995;117:350-2 (Brief clin. rep.)
Anastomosis, surgical
Effects of transection and reanastomosis on postprandial jejunal transit and contractile activity (Johnson et al). 1995;117:531-7
Flow patterns and preferred sites of intimal thickening in end-to-end anastomosed vessels (Ishibashi et al). 1995;117:409-20
Plasma cholecystokinin levels and gallbladder volumes after proctocolectomy with ileal pouch–anal anastomosis (Salemans et al). 1995;117:705-11
Surgery for patients with thyroid carcinoma invading the trachea: circumferential sleeve resection followed by end-to-end anastomosis (Ozaki et al). 1995;117:268-71
Use of the circular stapler in 1000 consecutive colorectal anastomoses: experience of one surgical team (Detry et al). 1995; 117:140-5
Aneurysm
Venous aneurysms: surgical indications and review of the literature (Calligaro et al). 1995;117:1-6
Anoxia
Selective inhibition of cyclic adenosine monophosphate–mediated pulmonary vasodilation by acute hypoxia (McIntyre et al). 1995;117:314-8
Antibiotic resistance; *see* Drug resistance, microbial
Antibiotics
Surgical sepsis: constancy of antibiotic susceptibility of causative organisms (Krepel et al). 1995;117:505-9
Aorta
A prospective randomized comparison of Dacron and polytetrafluoroethylene aortic bifurcation grafts (Friedman et al). 1995; 117:7-10
Aortic aneurysm, abdominal
Role of physical examination in detection of abdominal aortic aneurysms (Chervu et al). 1995;117:454-7
Arginine
Cytokines regulate endotoxin stimulation of endothelial cell arginine transport (Cendan et al). 1995;117:213-9
Arteriovenous fistula
Congenital hepatoportal arteriovenous fistula (Heaton et al). 1995; 117:170-4
Aspiration
Neutrophil adhesion receptor CD18 mediates remote but not localized acid aspiration injury (Goldman et al). 1995;117:83-9

B

Bacteria
Surgical sepsis: constancy of antibiotic susceptibility of causative organisms (Krepel et al). 1995;117:505-9
Barrett esophagus
Synergism of acid and duodenogastroesophageal reflux in complicated Barrett's esophagus (Vaezi and Richter). 1995;117:699-704
Bile
Hypercalcemia decreases bile flow and increases biliary calcium in the prairie dog (Ahrendt et al). 1995;117:435-42
Bile duct neoplasms
Right or left trisegment portal vein embolization before hepatic trisegmentectomy for hilar bile duct carcinoma (Nagino et al). 1995;117:677-81
Biliary tract
Hypercalcemia decreases bile flow and increases biliary calcium in the prairie dog (Ahrendt et al). 1995;117:435-42
Biliary tract neoplasms
Disseminated intravascular coagulation after liver resection: retrospective study in patients with biliary tract carcinoma (Nagino et al). 1995;117:581-5
Biliary tract surgery
Primary sclerosing cholangitis: liver transplantation or biliary surgery (Farges et al). 1995;117:146-55
Biopsy
Parathyroidectomy in primary hyperparathyroidism: preoperative localization and routine biopsy of unaltered glands are not necessary (Oertli et al). 1995;117:392-6
Bleomycins
Enhanced efficacy of bleomycin adsorbed on silica particles against lymph node metastasis in patients with esophageal cancer: a pilot study (Natsugoe et al). 1995;117:636-41
Blood platelets
Platelet attachment stimulates endothelial cell regeneration after arterial injury (Kent et al). 1995;117:276-81
Blood vessel prosthesis
Comparison of endothelial function between in situ and reversed vein graft: differences in endothelium-dependent responses (Odashiro et al). 1995;117:179-88
Shear stress–conditioned, endothelial cell–seeded vascular grafts: improved cell adherence in response to in vitro shear stress (Ott and Ballermann). 1995;117:334-9
Body fluids
Effects of pentafraction and hetastarch plasma expansion on lung and soft tissue transvascular fluid filtration (Myers et al). 1995;117:340-9

*January, pp. 1-120; February, pp. 121-240; March, pp. 241-358; April, pp. 359-480; May, pp. 481-600; June, pp. 601-736.

Breast neoplasms
Detection of intraoperative tumor cell dissemination in patients with breast cancer by use of reverse transcription and polymerase chain reaction (Brown et al). 1995;117:96-101
Integrin expression in primary breast cancer and its relation to axillary nodal status (Gui et al). 1995;117:102-8
Prognostic significance of three novel biologic factors in a clinical trial of adjuvant therapy for node-negative breast cancer (Yamashita et al). 1995;117:601-8
Relationship between low estrogen receptor values and other prognostic factors in primary breast tumors (Gaffney et al). 1995;117:241-6
Brief clinical reports
Brief clinical reports. 1995;117:109-14, 232-40, 350-4, 473-8, 586-98, 712-6

C

Cachexia
Effect of growth hormone and protein intake on tumor growth and host cachexia (Bartlett et al). 1995;117:260-7
Calcium
Hypercalcemia decreases bile flow and increases biliary calcium in the prairie dog (Ahrendt et al). 1995;117:435-42
Carcinoma, hepatocellular
Clinical pilot study on high-dose intraarterial chemotherapy with direct hemoperfusion under hepatic venous isolation in patients with advanced hepatocellular carcinoma (Ku et al). 1995;117:510-9
Des-gamma-carboxy prothrombin and proliferative activity of hepatocellular carcinoma (Suehiro et al). 1995;117:682-91
Extended left hepatic trisegmentectomy with resection of main right hepatic vein and preservation of middle and inferior right hepatic veins (Ozeki et al). 1995;117:715-7 (Brief clin. rep.)
Carcinoma, islet cell
Malignant islet cell tumor associated with hypercalcemia (Mao et al). 1995;117:37-40
Carcinoma, renal cell
Late pancreatic metastasis from renal cell carcinoma diagnosed by endoscopic ultrasonography (Dousset et al). 1995;117:591-4 (Brief clin. rep.)
Cardiopulmoanry bypass
Resectable leiomyosarcoma of inferior vena cava extended into the right atrium with the use of cardiopulmonary bypass and graft replacement (Kasano et al). 1995;117:473-5 (Brief clin. rep.)
Cell adhesion molecules
Leukocytes contribute to hepatic ischemia/reperfusion injury via intercellular adhesion molecule-1-mediated venular adherence (Vollmar et al). 1995;117:195-200
Chemotherapy; *see* Drug therapy
Chemotherapy, adjuvant
Prognostic significance of three novel biologic factors in a clinical trial of adjuvant therapy for node-negative breast cancer (Yamashita et al). 1995;117:601-8
Chimera
A P-selectin-immunoglobulin G chimera is protective in a rabbit ear model of ischemia-reperfusion (Lee et al). 1995;117:458-65
Cholangitis, sclerosing
Primary sclerosing cholangitis: liver transplantation or biliary surgery (Farges et al). 1995;117:146-55
Cholecystectomy
Outcomes of open cholecystectomy in the elderly: a longitudinal analysis of 21,000 cases in the prelaparoscopic era (Escarce et al). 1995;117:156-64
Pathologic duodenogastric reflux associated with persistence of symptoms after cholecystectomy (Wilson et al). 1995;117:421-8
Cholecystectomy, laparoscopic
Bowel obstruction caused by a free intraperitoneal gallstone—a late complication after laparoscopic cholecystectomy (Paul et al). 1995;117:595-6 (Brief clin. rep.)
How should polypoid lesions of the gallbladder be treated in the era of laparoscopic cholecystectomy? (Kubota et al). 1995;117:481-7
Cholecystokinin
Plasma cholecystokinin levels and gallbladder volumes after proctocolectomy with ileal pouch-anal anastomosis (Salemans et al). 1995;117:705-11
Choledochal cyst
Choledochocele: newer concepts of origin and diagnosis (Spier et al). 1995;117:476-8 (Brief clin. rep.)
Cholelithiasis
Bowel obstruction caused by a free intraperitoneal gallstone—a late complication after laparoscopic cholecystectomy (Paul et al). 1995;117:595-6 (Brief clin. rep.)
Colon
Endorectal pull-through of transplanted colon as part of intestinal transplantation (Tzakis et al). 1995;117:451-3
Colon and rectal surgery
Effect of patient factors on hospital costs for major bowel surgery: implications for managed health care (Rhodes et al). 1995;117:443-50
Colorectal neoplasms
Colorectal carcinomas: diagnosis and preoperative staging by hydrocolonic sonography (Hernández-Socorro et al). 1995;117:609-15
Continuous hepatic arterial infusion of 5-fluorouracil for unresectable colorectal liver metastases: phase II study (Sugihara). 1995;117:624-8
Repeat liver resections from colorectal metastasis (Fernández-Trigo et al). 1995;117:296-304
Costs and cost analysis
Effect of patient factors on hospital costs for major bowel surgery: implications for managed health care (Rhodes et al). 1995;117:443-50
Critical illness
Pulsatile nature of growth hormone levels in critically ill trauma victims (Melarvie et al). 1995;117:402-8
Cushing's syndrome
Laparoscopic adrenalectomy for Cushing's syndrome: comparison with primary aldosteronism (Go et al). 1995;117:11-7
Cyclic AMP
Selective inhibition of cyclic adenosine monophosphate-mediated pulmonary vasodilation by acute hypoxia (McIntyre et al). 1995;117:314-8
Cyclic GMP
Selective inhibition of cyclic adenosine monophosphate-mediated pulmonary vasodilation by acute hypoxia (McIntyre et al). 1995;117:314-8
Cytokines
Cytokines regulate endotoxin stimulation of endothelial cell arginine transport (Cendan et al). 1995;117:213-9
Cytotoxicity, immunologic
Immunoregulatory effects of $CD4^+$ T helper subsets in human melanoma (Lee et al). 1995;117:365-72

D

Debridement
Gunshot injuries of the liver: the Baragwanath experience (Degiannis et al). 1995;117:359-64
Dermatitis, contact
Latex allergy—report of an anaphylactic reaction (Scriven et al). 1995;117:350-2 (Brief clin. rep.)
Diethylenetriamine pentaacetic acid; *see* DTPA
Dilatation
Ductal dilatation and stenting make routine hepatectomy unnecessary for left hepatolithiasis with intrahepatic biliary stricture (Sheen-Chen et al). 1995;117:32-6
Dissection
Effect of lymph node dissection on the prognosis in patients with node-negative early gastric cancer (Baba et al). 1995;117:165-9
Disseminated intravascular coagulation
Disseminated intravascular coagulation after liver resection: retrospective study in patients with biliary tract carcinoma (Nagino et al). 1995;117:581-5
Doxorubicin
Clinical pilot study on high-dose intraarterial chemotherapy with direct hemoperfusion under hepatic venous isolation in patients with advanced hepatocellular carcinoma (Ku et al). 1995;117:510-9
Drainage
Guided percutaneous drainage for posttraumatic empyema thoracis (Block et al). 1995;117:282-7
Laparoscopic drainage of lymphoceles after kidney transplantation: indications and limitations (Gruessner et al). 1995;117:288-95
Drug resistance, microbial
Surgical sepsis: constancy of antibiotic susceptibility of causative organisms (Krepel et al). 1995;117:505-9
Drug therapy
Clinical pilot study on high-dose intraarterial chemotherapy with direct hemoperfusion under hepatic venous isolation in patients with advanced hepatocellular carcinoma (Ku et al). 1995;117:510-9

DTPA
Use of technetium 99m diethylenetriaminepentaacetic acid–galactosyl–human serum albumin liver scintigraphy in the evaluation of preoperative and postoperative hepatic functional reserve for hepatectomy (Kwon et al). 1995;117:429-34
Duodenogastric reflux
Pathologic duodenogastric reflux associated with persistence of symptoms after cholecystectomy (Wilson et al). 1995;117:421-8
Synergism of acid and duodenogastroesophageal reflux in complicated Barrett's esophagus (Vaezi and Richter). 1995;117:699-704

E

Elderly; *see* Aged
Embolism
Successful intraarterial fragmentation and urokinase therapy in superior mesenteric artery embolisms (Fuentes et al). 1995;117:712-4 (Brief clin. rep.)
Embolization, therapeutic
Right or left trisegment portal vein embolization before hepatic trisegmentectomy for hilar bile duct carcinoma (Nagino et al). 1995;117:677-81
Empyema, pleural
Guided percutaneous drainage for posttraumatic empyema thoracis (Block et al). 1995;117:282-7
Endocrine gland neoplasms
Mutational analysis of multiple endocrine neoplasia type 2A associated with Hirschsprung's disease (Borst et al). 1995;117:386-91
Endoscopy
Late pancreatic metastasis from renal cell carcinoma diagnosed by endoscopic ultrasonography (Dousset et al). 1995;117:591-4 (Brief clin. rep.)
Localization of gastrinomas by endoscopic ultrasonography in patients with Zollinger-Ellison syndrome (Ruszniewski et al). 1995;117:629-35
Endothelium
Comparison of endothelial function between in situ and reversed vein graft: differences in endothelium-dependent responses (Odashiro et al). 1995;117:179-88
Cytokines regulate endotoxin stimulation of endothelial cell arginine transport (Cendan et al). 1995;117:213-9
Platelet attachment stimulates endothelial cell regeneration after arterial injury (Kent et al). 1995;117:276-81
Shear stress–conditioned, endothelial cell–seeded vascular grafts: improved cell adherence in response to in vitro shear stress (Ott and Ballermann). 1995;117:334-9
Endotoxins
Cytokines regulate endotoxin stimulation of endothelial cell arginine transport (Cendan et al). 1995;117:213-9
Triglyceride-rich lipoproteins improve survival when given after endotoxin in rats (Read et al). 1995;117:62-7
End-stage renal disease; *see* Kidney failure, chronic
Enteric nervous system
Immunohistochemical demonstration of enteric nervous distribution after syngeneic small bowel transplantation in rats (Hirose et al). 1995;117:560-9
Epinephrine
Local epinephrine injection as treatment for delayed hemorrhage after hemorrhoidectomy (Cirocco and Golub). 1995;117:235-7
Esophageal neoplasms
Enhanced efficacy of bleomycin adsorbed on silica particles against lymph node metastasis in patients with esophageal cancer: a pilot study (Natsugoe et al). 1995;117:636-41
Esophageal stricture; *see* Esophagogastric junction
Esophagogastric junction
Three-dimensional pressure image and muscular structure of the human lower esophageal sphincter (Stein et al). 1995;117:692-8
Estrogen
Relationship between low estrogen receptor values and other prognostic factors in primary breast tumors (Gaffney et al). 1995;117:241-6
Extracorporeal membrane oxygenation
A second course of extracorporeal membrane oxygenation in the neonate—Is there a benefit? (Lally and Breaux). 1995;117:175-8

F

Filtration
Effects of pentafraction and hetastarch plasma expansion on lung and soft tissue transvascular fluid filtration (Myers et al). 1995;117:340-9
Fluorocarbons
Effects of perfluorocarbon exchange transfusion on reducing myocardial infarct size in a primate model of ischemia-reperfusion injury: a prospective, randomized study (Premaratne et al). 1995;117:670-6
Fluorouracil
Continuous hepatic arterial infusion of 5-fluorouracil for unresectable colorectal liver metastases: phase II study (Sugihara). 1995;117:624-8

G

Galactosylceramides
Use of technetium 99m diethylenetriaminepentaacetic acid–galactosyl–human serum albumin liver scintigraphy in the evaluation of preoperative and postoperative hepatic functional reserve for hepatectomy (Kwon et al). 1995;117:429-34
Gallbladder
Plasma cholecystokinin levels and gallbladder volumes after proctocolectomy with ileal pouch–anal anastomosis (Salemans et al). 1995;117:705-11
Protein kinase C regulates prairie dog gallbladder ion transport (Cates et al). 1995;117:206-12
Gallbladder neoplasms
How should polypoid lesions of the gallbladder be treated in the era of laparoscopic cholecystectomy? (Kubota et al). 1995;117:481-7
Ten-year survival after hepatectomy for advanced gallbladder carcinoma: report of two cases (Nakamura et al). 1995;117:232-4 (Brief clin. rep.)
Gallium
Effects of the antihypercalcemic drugs gallium nitrate and pamidronate on hormone release of pathologic human parathyroid cells (Ridefelt et al). 1995;117:56-61
Gallstones; *see* Cholelithiasis
Gastrinoma
Localization of gastrinomas by endoscopic ultrasonography in patients with Zollinger-Ellison syndrome (Ruszniewski et al). 1995;117:629-35
Gastrointestinal neoplasms
Effect of lymph node dissection on the prognosis in patients with node-negative early gastric cancer (Baba et al). 1995;117:165-9
Lymphatic invasion and potential for tumor growth and metastasis in patients with gastric cancer (Maehara et al). 1995;117:380-5
Growth substances
Effect of growth hormone and protein intake on tumor growth and host cachexia (Bartlett et al). 1995;117:260-7
Effect of ischemia on growth factor enhancement of incisional wound healing (Wu and Mustoe). 1995;117:570-6
Insulin-like growth factor–I and insulin reduce leucine flux and oxidation in conscious tumor necrosis factor–infused dogs (Sakurai et al). 1995;117:305-13
Pulsatile nature of growth hormone levels in critically ill trauma victims (Melarvie et al). 1995;117:402-8
Gunshot wounds; *see* Wounds, gunshot

H

Heart atrium
Resectable leiomyosarcoma of inferior vena cava extended into the right atrium with the use of cardiopulmonary bypass and graft replacement (Kasano et al). 1995;117:473-5 (Brief clin. rep.)
Heart transplantation
A prospective randomized comparison of Dacron and polytetrafluoroethylene aortic bifurcation grafts (Friedman et al). 1995;117:7-10
Hemodialysis
Acute abdomen in the hemodialysis patient population (Bender et al). 1995;117:494-7
Hemodynamics
Role of cirrhosis in the hemodynamic response to hemorrhage in portal hypertension (Burns et al). 1995;117:488-93
Hemoperfusion
Clinical pilot study on high-dose intraarterial chemotherapy with direct hemoperfusion under hepatic venous isolation in patients with advanced hepatocellular carcinoma (Ku et al). 1995;117:510-9
Hemorrhage
Local epinephrine injection as treatment for delayed hemorrhage after hemorrhoidectomy (Cirocco and Golub). 1995;117:235-7
Mesocaval shunt or repeated sclerotherapy: effects on rebleeding and encephalopathy—a randomized trial (Isaksson et al). 1995;117:498-504

Role of cirrhosis in the hemodynamic response to hemorrhage in portal hypertension (Burns et al). 1995;117:488-93

Hemorrhoids
Local epinephrine injection as treatment for delayed hemorrhage after hemorrhoidectomy (Cirocco and Golub). 1995;117:235-7

Heparin
Prevention of venous thrombosis in microvascular surgery by transmural release of heparin from a polyanhydride polymer (Orloff et al). 1995;117:554-9

Hepatectomy
Disseminated intravascular coagulation after liver resection: retrospective study in patients with biliary tract carcinoma (Nagino et al). 1995;117:581-5
Ductal dilatation and stenting make routine hepatectomy unnecessary for left hepatolithiasis with intrahepatic biliary stricture (Sheen-Chen et al). 1995;117:32-6
Ten-year survival after hepatectomy for advanced gallbladder carcinoma: report of two cases (Nakamura et al). 1995;117:232-4 (Brief clin. rep.)
Use of technetium 99m diethylenetriaminepentaacetic acid–galactosyl–human serum albumin liver scintigraphy in the evaluation of preoperative and postoperative hepatic functional reserve for hepatectomy (Kwon et al). 1995;117:429-34

Hepatic veins
Extended left hepatic trisegmentectomy with resection of main right hepatic vein and preservation of middle and inferior right hepatic veins (Ozeki et al). 1995;117:715-7 (Brief clin. rep.)
Reconstruction of the middle hepatic vein tributary during right anterior segmentectomy (Kakazu et al). 1995;117:238-40 (Brief clin. rep.)

Hernia
Mesh plug hernia repair: a follow-up report (Rutkow and Robbins). 1995;117:597-8 (Brief clin. rep.)

Hernia, obturator
Bilateral obturator hernia: a new technique and a new prosthetic material for repair—case report and review of the literature (Tchupetlowsky et al). 1995;117:109-12 (Brief clin. rep.)

Hirschsprung disease
Mutational analysis of multiple endocrine neoplasia type 2A associated with Hirschsprung's disease (Borst et al). 1995;117:386-91

Histamine antagonists
Gastric and extragastric actions of the histamine antagonist ranitidine during posttraumatic sepsis (Stewart et al). 1995;117:63-82

Hydroxyethyl starch
Effects of pentafraction and hetastarch plasma expansion on lung and soft tissue transvascular fluid filtration (Myers et al). 1995;117:340-9

Hyperaldosteronism
Laparoscopic adrenalectomy for Cushing's syndrome: comparison with primary aldosteronism (Go et al). 1995;117:11-7

Hypercalcemia
Hypercalcemia decreases bile flow and increases biliary calcium in the prairie dog (Ahrendt et al). 1995;117:435-42
Malignant islet cell tumor associated with hypercalcemia (Mao et al). 1995;117:37-40

Hypercorticism; *see* Adrenal gland hyperfunction

Hyperparathyroidism
Neuromuscular recovery after parathyroidectomy in primary hyperparathyroidism (Chou et al). 1995;117:18-25
Parathyroid adenoma weight and the risk of death after treatment for primary hyperparathyroidism (Hedbäck et al). 1995;117:134-9
Parathyroidectomy in primary hyperparathyroidism: preoperative localization and routine biopsy of unaltered glands are not necessary (Oertli et al). 1995;117:392-6
Should primary hyperparathyroidism be treated surgically in elderly patients older than 75 years? (Chigot et al). 1995;117:397-401

Hyperplasia
Flow patterns and preferred sites of intimal thickening in end-to-end anastomosed vessels (Ishibashi et al). 1995;117:409-20

Hypersensitivity
Latex allergy—report of an anaphylactic reaction (Scriven et al). 1995;117:350-2 (Brief clin. rep.)

Hypertension, portal
Role of cirrhosis in the hemodynamic response to hemorrhage in portal hypertension (Burns et al). 1995;117:488-93

Hypertension, pulmonary
Selective inhibition of cyclic adenosine monophosphate–mediated pulmonary vasodilation by acute hypoxia (McIntyre et al). 1995;117:314-8

Hypoxia; *see* Anoxia

I

Ileal reservoirs; *see* Proctocolectomy, restorative

Ileum
Intestinal transplantation: effects on ileal enteric absorptive physiology (Oishi and Sarr). 1995;117:545-53

Immunoglobulins
A P-selectin–immunoglobulin G chimera is protective in a rabbit ear model of ischemia-reperfusion (Lee et al). 1995;117:458-65

Immunohistochemistry
Immunohistochemical demonstration of enteric nervous distribution after syngeneic small bowel transplantation in rats (Hirose et al). 1995;117:560-9

Immunotherapy, adoptive
Recruitment of host $CD8^+$ T cells by tumor-infiltrating lymphocytes and recombinant interleukin-2 during adoptive immunotherapy of cancer (Burger et al). 1995;117:325-33

Infant, newborn
A second course of extracorporeal membrane oxygenation in the neonate—Is there a benefit? (Lally and Breaux). 1995;117:175-8

Infection
Hepatic metabolic response to injury and sepsis (Dahn et al). 1995;117:520-30

Infusions, intra-arterial
Continuous hepatic arterial infusion of 5-fluorouracil for unresectable colorectal liver metastases: phase II study (Sugihara). 1995;117:624-8

Infusions, intravenous
Effects of long-term lithium infusion on normal parathyroid tissue (Saxe et al). 1995;117:577-80

Inguinal canal
Infrainguinal bypass in patients with end-stage renal disease (Baele et al). 1995;117:319-24

Injections, intra-arterial
Clinical pilot study on high-dose intraarterial chemotherapy with direct hemoperfusion under hepatic venous isolation in patients with advanced hepatocellular carcinoma (Ku et al). 1995;117:510-9

Insulin
Insulin-like growth factor–I and insulin reduce leucine flux and oxidation in conscious tumor necrosis factor–infused dogs (Sakurai et al). 1995;117:305-13

Insulin-like growth factor I
Insulin-like growth factor–I and insulin reduce leucine flux and oxidation in conscious tumor necrosis factor–infused dogs (Sakurai et al). 1995;117:305-13

Integrins
Integrin expression in primary breast cancer and its relation to axillary nodal status (Gui et al). 1995;117:102-8

Interleukin-1
Interleukin-1 receptor antagonist decreases severity of experimental acute pancreatitis (Norman et al). 1995;117:648-55

Interleukin-2
Recruitment of host $CD8^+$ T cells by tumor-infiltrating lymphocytes and recombinant interleukin-2 during adoptive immunotherapy of cancer (Burger et al). 1995;117:325-33

Intestinal absorption
Intestinal transplantation: effects on ileal enteric absorptive physiology (Oishi and Sarr). 1995;117:545-53

Intestinal obstruction
Bowel obstruction caused by a free intraperitoneal gallstone—a late complication after laparoscopic cholecystectomy (Paul et al). 1995;117:595-6 (Brief clin. rep.)

Intestinal transplantation
Endorectal pull-through of transplanted colon as part of intestinal transplantation (Tzakis et al). 1995;117:451-3
Immunohistochemical demonstration of enteric nervous distribution after syngeneic small bowel transplantation in rats (Hirose et al). 1995;117:560-9
Intestinal transplantation: effects on ileal enteric absorptive physiology (Oishi and Sarr). 1995;117:545-53

Intestines
Effects of transection and reanastomosis on postprandial jejunal transit and contractile activity (Johnson et al). 1995;117:531-7

Intraarterial injections; *see* Injections, intra-arterial

Ion transport
Protein kinase C regulates prairie dog gallbladder ion transport (Cates et al). 1995;117:206-12

Ischemia
Effect of ischemia on growth factor enhancement of incisional wound healing (Wu and Mustoe). 1995;117:570-6

Ischemia-reperfusion injury; *see* Reperfusion injury

Islets of Langerhans transplantation

Pregnancy after total pancreatectomy and autologous islet transplantation (Wahoff et al). 1995;117:353-4 (Brief clin. rep.)
A protocol with FK 506 for inducing unresponsiveness to murine islet allografts (Fukuzaki et al). 1995;117:220-5

J

Jejunostomy
Tube jejunostomy in liver transplant recipients (Pescovitz et al). 1995;117:642-7
Jejunum
Effects of transection and reanastomosis on postprandial jejunal transit and contractile activity (Johnson et al). 1995;117:531-7
Jugular veins
Venous aneurysms: surgical indications and review of the literature (Calligaro et al). 1995;117:1-6

K

Kidney failure, chronic
Infrainguinal bypass in patients with end-stage renal disease (Baele et al). 1995;117:319-24
Kidney transplantation
Laparoscopic drainage of lymphoceles after kidney transplantation: indications and limitations (Gruessner et al). 1995;117:288-95

L

Laparoscopy
Laparoscopic adrenalectomy for Cushing's syndrome: comparison with primary aldosteronism (Go et al). 1995;117:11-7
Laparoscopic drainage of lymphoceles after kidney transplantation: indications and limitations (Gruessner et al). 1995;117:288-95
Latex
Latex allergy—report of an anaphylactic reaction (Scriven et al). 1995;117:350-2 (Brief clin. rep.)
Leiomyosarcoma
Resectable leiomyosarcoma of inferior vena cava extended into the right atrium with the use of cardiopulmonary bypass and graft replacement (Kasano et al). 1995;117:473-5 (Brief clin. rep.)
Letters
Action of granulocyte-macrophage colony-stimulating factor on incisional wound healing in congenital neutropenia (Karamanoukian et al). 1995;117:599-600
Classification of neuroendocrine carcinomas of the gastrointestinal tract (Staren et al). 1995;117:599
Cystic medullary thyroid cancer (Simcic and Bowland). 1995; 117:356-7
Cytokeratin staining reveals micrometastasis in lymph nodes of early gastric cancer (Maehara et al). 1995;117:480
Effectiveness of the mesh plug technique (Groussous). 1995;117:600
Enlargement of splenic implants (Witte and Witte) (Letter); (Morgenstern) (Reply). 1995;117:357
Increased serum lysozyme in the presence of abscesses (Appel et al). 1995;117:115-6
Is glutamine required for the trophic effect of epidermal growth factor? (Playford and Goodlad). 1995;117:355
Isolated abdominal aortic dissection in a patient with Turner's syndrome (Bartlema et al). 1995;117:116-7
Laparoscopic cholecystectomy and gallbladder cancer (de Aretxabala et al) (Letter); (Brooks) (Reply). 1995;117:479-80
Narrow margins of excision do not decrease survival (Evans). 1995;117:115
Operative management of bile duct cancers (Edoga). 1995; 117:357-8
Port site seeding after laparoscopic ultrasonographic staging of pancreatic carcinoma (Jorgensen et al). 1995;117:118-9
Postoperative salivary fistula: therapeutic action of octreotide (Spinell et al). 1995;117:117-8
Randomized controlled trials in general surgery (Cohen) (Letter); (McLeod and Solomon) (Reply). 1995;117:355-6
Treatment of liver cancers with complete hepatic venous isolation and extracorporeal chemofiltration (Curley). 1995;117:718-9
Wound and port site recurrence (Beart) (Letter); (Cirocco) (Reply). 1995;117:719-20
Young adults with hernias (Shulman). 1995;117:718
Leucine
Insulin-like growth factor–I and insulin reduce leucine flux and oxidation in conscious tumor necrosis factor–infused dogs (Sakurai et al). 1995;117:305-13
Leukocytes
Leukocytes contribute to hepatic ischemia/reperfusion injury via intercellular adhesion molecule–1–mediated venular adherence (Vollmar et al). 1995;117:195-200
Leukocytes, polymorphonuclear; *see* Neutrophils
Lipid peroxidation
Alpha-tocopherol attenuates lung edema and lipid peroxidation caused by acute zymosan-induced peritonitis (Demling et al). 1995;117:226-31
Lipopolysaccharides
Protective effects of a novel 32–amino acid C-terminal fragment of CAP18 in endotoxemic pigs (VanderMeer et al). 1995; 117:656-62
Lipoproteins
Triglyceride-rich lipoproteins improve survival when given after endotoxin in rats (Read et al). 1995;117:62-7
Lithium
Effects of long-term lithium infusion on normal parathyroid tissue (Saxe et al). 1995;117:577-80
Liver
Extended left hepatic trisegmentectomy with resection of main right hepatic vein and preservation of middle and inferior right hepatic veins (Ozeki et al). 1995;117:715-7 (Brief clin. rep.)
Gunshot injuries of the liver: the Baragwanath experience (Degiannis et al). 1995;117:359-64
Hepatic metabolic response to injury and sepsis (Dahn et al). 1995;117:520-30
Repeat liver resections from colorectal metastasis (Fernández-Trigo et al). 1995;117:296-304
Right or left trisegment portal vein embolization before hepatic trisegmentectomy for hilar bile duct carcinoma (Nagino et al). 1995;117:677-81
Use of technetium 99m diethylenetriaminepentaacetic acid–galactosyl–human serum albumin liver scintigraphy in the evaluation of preoperative and postoperative hepatic functional reserve for hepatectomy (Kwon et al). 1995;117:429-34
Liver cirrhosis
Role of cirrhosis in the hemodynamic response to hemorrhage in portal hypertension (Burns et al). 1995;117:488-93
Liver diseases
Surgery for adult polycystic liver disease (Soravia et al). 1995; 117:272-5
Liver transplantation
Magnetic resonance imaging and hepatic hemodynamics: correlation with metabolic function in liver transplantation candidates (Kuo et al). 1995;117:373-9
Primary sclerosing cholangitis: liver transplantation or biliary surgery (Farges et al). 1995;117:146-55
Transplantation of allogeneic hepatocytes without immunosuppression: long-term survival (Balladur et al). 1995;117:189-94
Tube jejunostomy in liver transplant recipients (Pescovitz et al). 1995;117:642-7
Lymph nodes
Effect of lymph node dissection on the prognosis in patients with node-negative early gastric cancer (Baba et al). 1995;117:165-9
Lymphatic metastasis
Enhanced efficacy of bleomycin adsorbed on silica particles against lymph node metastasis in patients with esophageal cancer: a pilot study (Natsugoe et al). 1995;117:636-41
Lymphatic invasion and potential for tumor growth and metastasis in patients with gastric cancer (Maehara et al). 1995;117:380-5
Lymphocele
Laparoscopic drainage of lymphoceles after kidney transplantation: indications and limitations (Gruessner et al). 1995;117:288-95
Lymphocytes, tumor infiltrating
Recruitment of host $CD8^+$ T cells by tumor-infiltrating lymphocytes and recombinant interleukin-2 during adoptive immunotherapy of cancer (Burger et al). 1995;117:325-33
Lymphocytes, tumor-infiltrating
Immunoregulatory effects of $CD4^+$ T helper subsets in human melanoma (Lee et al). 1995;117:365-72

M

Magnetic resonance imaging
Magnetic resonance imaging and hepatic hemodynamics: correlation with metabolic function in liver transplantation candidates (Kuo et al). 1995;117:373-9
Managed care programs
Effect of patient factors on hospital costs for major bowel surgery: implications for managed health care (Rhodes et al). 1995;117:443-50
Manometry
Three-dimensional pressure image and muscular structure of the human lower esophageal sphincter (Stein et al). 1995;117:692-8
Melanoma

Immunoregulatory effects of CD4+ T helper subsets in human melanoma (Lee et al). 1995;117:365-72

Mesenteric artery, superior
Successful intraarterial fragmentation and urokinase therapy in superior mesenteric artery embolisms (Fuentes et al). 1995; 117:712-4 (Brief clin. rep.)

Mesocaval shunt
Mesocaval shunt or repeated sclerotherapy: effects on rebleeding and encephalopathy—a randomized trial (Isaksson et al). 1995;117:498-504

Metabolism
Hepatic metabolic response to injury and sepsis (Dahn et al). 1995;117:520-30

Microvascular surgery
Prevention of venous thrombosis in microvascular surgery by transmural release of heparin from a polyanhydride polymer (Orloff et al). 1995;117:554-9

Mutation
Mutational analysis of multiple endocrine neoplasia type 2A associated with Hirschsprung's disease (Borst et al). 1995;117:386-91

Myocardial infarction
Effects of perfluorocarbon exchange transfusion on reducing myocardial infarct size in a primate model of ischemia-reperfusion injury: a prospective, randomized study (Premaratne et al). 1995;117:670-6

N

Neonate; *see* Infant, newborn

Neoplasm invasiveness
Surgery for patients with thyroid carcinoma invading the trachea: circumferential sleeve resection followed by end-to-end anastomosis (Ozaki et al). 1995;117:268-71

Neoplasm metastasis
Continuous hepatic arterial infusion of 5-fluorouracil for unresectable colorectal liver metastases: phase II study (Sugihara). 1995;117:624-8
Enhanced efficacy of bleomycin adsorbed on silica particles against lymph node metastasis in patients with esophageal cancer: a pilot study (Natsugoe et al). 1995;117:636-41
Late pancreatic metastasis from renal cell carcinoma diagnosed by endoscopic ultrasonography (Dousset et al). 1995;117:591-4 (Brief clin. rep.)
Lymphatic invasion and potential for tumor growth and metastasis in patients with gastric cancer (Maehara et al). 1995;117:380-5
Repeat liver resections from colorectal metastasis (Fernández-Trigo et al). 1995;117:296-304

Neoplasms
Effect of growth hormone and protein intake on tumor growth and host cachexia (Bartlett et al). 1995;117:260-7
Role of intravascular ultrasonography in detecting intravascular tumor thrombi: a preliminary report (Kaneko et al). 1995; 117:538-44

Neoplasms, multiple endocrine
Mutational analysis of multiple endocrine neoplasia type 2A associated with Hirschsprung's disease (Borst et al). 1995;117:386-91

Neutrophils
Neutrophil adhesion receptor CD18 mediates remote but not localized acid aspiration injury (Goldman et al). 1995;117:83-9
Prognostic significance of three novel biologic factors in a clinical trial of adjuvant therapy for node-negative breast cancer (Yamashita et al). 1995;117:601-8

Nutrition
Tube jejunostomy in liver transplant recipients (Pescovitz et al). 1995;117:642-7

O

Octreotide
Efficacy of octreotide in the prevention of pancreatic fistula after elective pancreatic resections: a prospective, controlled, randomized clinical trial (Montorsi et al). 1995;117:26-31

P

Pancreatectomy
Pregnancy after total pancreatectomy and autologous islet transplantation (Wahoff et al). 1995;117:353-4 (Brief clin. rep.)

Pancreatic fistula
Efficacy of octreotide in the prevention of pancreatic fistula after elective pancreatic resections: a prospective, controlled, randomized clinical trial (Montorsi et al). 1995;117:26-31

Pancreatic neoplasms
Clinical significance of portal invasion by pancreatic head carcinoma (Nakao et al). 1995;117:50-5
Surgical strategy for carcinoma of the pancreas head area based on clinicopathologic analysis of nodal involvement and plexus invasion (Kayahar et al). 1995;117:616-23

Pancreaticoduodectomy
Results of pancreaticoduodenectomy for ampullary carcinoma and analysis of prognostic factors for survival (Allema et al). 1995;117:247-53

Pancreatitis
Detailed characterization of experimental acute alcoholic pancreatitis (Nordback et al). 1995;117:41-9
Induction of acute pancreatitis in germ-free rats: evidence of a primary role for tumor necrosis factor–alpha (Hughes et al). 1995;117:201-5
Interleukin-1 receptor antagonist decreases severity of experimental acute pancreatitis (Norman et al). 1995;117:648-55

Pancreatoduodenectomy
Pancreas-sparing duodenectomy: indications, surgical technique, and results (Chung et al). 1995;117:254-9

Parathyroid glands
Effects of long-term lithium infusion on normal parathyroid tissue (Saxe et al). 1995;117:577-80

Parathyroid hormones
Effects of the antihypercalcemic drugs gallium nitrate and pamidronate on hormone release of pathologic human parathyroid cells (Ridefelt et al). 1995;117:56-61
Malignant islet cell tumor associated with hypercalcemia (Mao et al). 1995;117:37-40

Parathyroid neoplasms
Parathyroid adenoma weight and the risk of death after treatment for primary hyperparathyroidism (Hedbäck et al). 1995;117: 134-9

Parathyroidectomy
Neuromuscular recovery after parathyroidectomy in primary hyperparathyroidism (Chou et al). 1995;117:18-25
Parathyroidectomy in primary hyperparathyroidism: preoperative localization and routine biopsy of unaltered glands are not necessary (Oertli et al). 1995;117:392-6

Perfluorocarbons; *see* Fluorocarbons

Perfusion, regional
Clinical pilot study on high-dose intraarterial chemotherapy with direct hemoperfusion under hepatic venous isolation in patients with advanced hepatocellular carcinoma (Ku et al). 1995; 117:510-9

Peritoneum
Analysis of the kinetics of peritoneal adhesion formation in the rat and evaluation of potential antiadhesive agents (Harris et al). 1995;117:663-9

Peritonitis
Alpha-tocopherol attenuates lung edema and lipid peroxidation caused by acute zymosan-induced peritonitis (Demling et al). 1995;117:226-31

Pheochromocytoma
Primary hepatic pheochromocytoma: a second case (Jaeck et al). 1995;117:586-90 (Brief clin. rep.)

Phospholipases A
Prognostic significance of three novel biologic factors in a clinical trial of adjuvant therapy for node-negative breast cancer (Yamashita et al). 1995;117:601-8

Physical examination
Role of physical examination in detection of abdominal aortic aneurysms (Chervu et al). 1995;117:454-7

Plasma
Effects of pentafraction and hetastarch plasma expansion on lung and soft tissue transvascular fluid filtration (Myers et al). 1995;117:340-9

Plasminogen activator, tissue-type; *see* Alteplase

Polycystic liver disease
Surgery for adult polycystic liver disease (Soravia et al). 1995; 117:272-5

Polymerase chain reaction
Detection of intraoperative tumor cell dissemination in patients with breast cancer by use of reverse transcription and polymerase chain reaction (Brown et al). 1995;117:96-101

Polymers
Prevention of venous thrombosis in microvascular surgery by transmural release of heparin from a polyanhydride polymer (Orloff et al). 1995;117:554-9

Polymorphonuclear leukocytes; *see* Neutrophils

Polytetrafluoroethylene
A prospective randomized comparison of Dacron and polytetraflu-

oroethylene aortic bifurcation grafts (Friedman et al). 1995; 117:7-10
Thin-walled polytetrafluoroethylene graft failure is a cause of axillary pullout syndrome (Samotowka et al). 1995;117:113-4 (Brief clin. rep.)
Portal vein
Right or left trisegment portal vein embolization before hepatic trisegmentectomy for hilar bile duct carcinoma (Nagino et al). 1995;117:677-81
Portasystemic shunt, surgical
Mesocaval shunt or repeated sclerotherapy: effects on rebleeding and encephalopathy—a randomized trial (Isaksson et al). 1995;117:498-504
Pregnancy
Pregnancy after total pancreatectomy and autologous islet transplantation (Wahoff et al). 1995;117:353-4 (Brief clin. rep.)
Proctocolectomy, restorative
Plasma cholecystokinin levels and gallbladder volumes after proctocolectomy with ileal pouch–anal anastomosis (Salemans et al). 1995;117:705-11
Prognosis
Relationship between low estrogen receptor values and other prognostic factors in primary breast tumors (Gaffney et al). 1995;117:241-6
Protein kinase C
Protein kinase C regulates prairie dog gallbladder ion transport (Cates et al). 1995;117:206-12
Proteins
Effect of growth hormone and protein intake on tumor growth and host cachexia (Bartlett et al). 1995;117:260-7
Prothrombin
Des-gamma-carboxy prothrombin and proliferative activity of hepatocellular carcinoma (Suehiro et al). 1995;117:682-91
Pulmonary edema
Alpha-tocopherol attenuates lung edema and lipid peroxidation caused by acute zymosan-induced peritonitis (Demling et al). 1995;117:226-31

R

Radionuclide imaging
Use of technetium 99m diethylenetriaminepentaacetic acid–galactosyl–human serum albumin liver scintigraphy in the evaluation of preoperative and postoperative hepatic functional reserve for hepatectomy (Kwon et al). 1995;117:429-34
Ranitidine
Gastric and extragastric actions of the histamine antagonist ranitidine during posttraumatic sepsis (Stewart et al). 1995;117:68-82
Receptors, estrogen
Relationship between low estrogen receptor values and other prognostic factors in primary breast tumors (Gaffney et al). 1995;117:241-6
Receptors, interleukin-1
Interleukin-1 receptor antagonist decreases severity of experimental acute pancreatitis (Norman et al). 1995;117:648-55
Regeneration
Platelet attachment stimulates endothelial cell regeneration after arterial injury (Kent et al). 1995;117:276-81
Reperfusion injury
Effects of perfluorocarbon exchange transfusion on reducing myocardial infarct size in a primate model of ischemia-reperfusion injury: a prospective, randomized study (Premaratne et al). 1995;117:670-6
Leukocytes contribute to hepatic ischemia/reperfusion injury via intercellular adhesion molecule–1–mediated venular adherence (Vollmar et al). 1995;117:195-200
A P-selectin–immunoglobulin G chimera is protective in a rabbit ear model of ischemia-reperfusion (Lee et al). 1995;117:458-65
Respiratory distress syndrome, adult
Selective inhibition of cyclic adenosine monophosphate–mediated pulmonary vasodilation by acute hypoxia (McIntyre et al). 1995;117:314-8
Reverse transcription; *see* Transcription, genetic
Rubber
Latex allergy—report of an anaphylactic reaction (Scriven et al). 1995;117:350-2 (Brief clin. rep.)

S

Scintigraphy; *see* Radionuclide imaging
Sclerotherapy
Mesocaval shunt or repeated sclerotherapy: effects on rebleeding and encephalopathy—a randomized trial (Isaksson et al). 1995;117:498-504
Serum albumin
Use of technetium 99m diethylenetriaminepentaacetic acid–galactosyl–human serum albumin liver scintigraphy in the evaluation of preoperative and postoperative hepatic functional reserve for hepatectomy (Kwon et al). 1995;117:429-34
Shear stress
Shear stress–conditioned, endothelial cell–seeded vascular grafts: improved cell adherence in response to in vitro shear stress (Ott and Ballermann). 1995;117:334-9
Shock, septic
Protective effects of a novel 32–amino acid C-terminal fragment of CAP18 in endotoxemic pigs (VanderMeer et al). 1995; 117:656-62
Silicon dioxide
Enhanced efficacy of bleomycin adsorbed on silica particles against lymph node metastasis in patients with esophageal cancer: a pilot study (Natsugoe et al). 1995;117:636-41
Stents
Ductal dilatation and stenting make routine hepatectomy unnecessary for left hepatolithiasis with intrahepatic biliary stricture (Sheen-Chen et al). 1995;117:32-6
Surgical mesh
Mesh plug hernia repair: a follow-up report (Rutkow and Robbins). 1995;117:597-8 (Brief clin. rep.)
Surgical staples
Use of the circular stapler in 1000 consecutive colorectal anastomoses: experience of one surgical team (Detry et al). 1995; 117:140-5

T

Teaching
Strategies for success in academic surgery (Souba et al). 1995; 117:90-5
Technetium
Use of technetium 99m diethylenetriaminepentaacetic acid–galactosyl–human serum albumin liver scintigraphy in the evaluation of preoperative and postoperative hepatic functional reserve for hepatectomy (Kwon et al). 1995;117:429-34
Thoracic injuries
Guided percutaneous drainage for posttraumatic empyema thoracis (Block et al). 1995;117:282-7
Thrombosis
Prevention of venous thrombosis in microvascular surgery by transmural release of heparin from a polyanhydride polymer (Orloff et al). 1995;117:554-9
Role of intravascular ultrasonography in detecting intravascular tumor thrombi: a preliminary report (Kaneko et al). 1995; 117:538-44
Thyroid neoplasms
Surgery for patients with thyroid carcinoma invading the trachea: circumferential sleeve resection followed by end-to-end anastomosis (Ozaki et al). 1995;117:268-71
Tissue-type plasminogen activator; *see* Alteplase
T-lymphocytes
Recruitment of host $CD8^+$ T cells by tumor-infiltrating lymphocytes and recombinant interleukin-2 during adoptive immunotherapy of cancer (Burger et al). 1995;117:325-33
T-lymphocytes, helper-inducer
Immunoregulatory effects of $CD4^+$ T helper subsets in human melanoma (Lee et al). 1995;117:365-72
Tocophenol; *see* Vitamin E
Tracheal neoplasms
Surgery for patients with thyroid carcinoma invading the trachea: circumferential sleeve resection followed by end-to-end anastomosis (Ozaki et al). 1995;117:268-71
Transcription, genetic
Detection of intraoperative tumor cell dissemination in patients with breast cancer by use of reverse transcription and polymerase chain reaction (Brown et al). 1995;117:96-101
Transplantation, autologous
Pregnancy after total pancreatectomy and autologous islet transplantation (Wahoff et al). 1995;117:353-4 (Brief clin. rep.)
Trauma; *see* Wounds and injuries
Triglycerides
Triglyceride-rich lipoproteins improve survival when given after endotoxin in rats (Read et al). 1995;117:62-7
Tumor necrosis factor
Induction of acute pancreatitis in germ-free rats: evidence of a pri-

mary role for tumor necrosis factor–alpha (Hughes et al). 1995;117:201-5
Insulin-like growth factor–I and insulin reduce leucine flux and oxidation in conscious tumor necrosis factor–infused dogs (Sakurai et al). 1995;117:305-13

Tunica intima
Flow patterns and preferred sites of intimal thickening in end-to-end anastomosed vessels (Ishibashi et al). 1995;117:409-20

U

Ultrasonography
Colorectal carcinomas: diagnosis and preoperative staging by hydrocolonic sonography (Hernández-Socorro et al). 1995; 117:609-15
Late pancreatic metastasis from renal cell carcinoma diagnosed by endoscopic ultrasonography (Dousset et al). 1995;117:591-4 (Brief clin. rep.)
Localization of gastrinomas by endoscopic ultrasonography in patients with Zollinger-Ellison syndrome (Ruszniewski et al). 1995;117:629-35
Role of intravascular ultrasonography in detecting intravascular tumor thrombi: a preliminary report (Kaneko et al). 1995; 117:538-44

Urokinase
Successful intraarterial fragmentation and urokinase therapy in superior mesenteric artery embolisms (Fuentes et al). 1995; 117:712-4 (Brief clin. rep.)

V

Vasodilation
Selective inhibition of cyclic adenosine monophosphate–mediated pulmonary vasodilation by acute hypoxia (McIntyre et al). 1995;117:314-8

Vater's ampulla
Results of pancreaticoduodenectomy for ampullary carcinoma and analysis of prognostic factors for survival (Allema et al). 1995;117:247-53

Vena cava, inferior
Resectable leiomyosarcoma of inferior vena cava extended into the right atrium with the use of cardiopulmonary bypass and graft replacement (Kasano et al). 1995;117:473-5 (Brief clin. rep.)

Ventilators, mechanical
Changing practices in ventilator management: a review of the literature and suggested clinical correlations (Shapiro and Peruzzi). 1995;117:121-33 (Clin. rev.)

Vitamin E
Alpha-tocopherol attenuates lung edema and lipid peroxidation caused by acute zymosan-induced peritonitis (Demling et al). 1995;117:226-31

W

Wound healing
Effect of ischemia on growth factor enhancement of incisional wound healing (Wu and Mustoe). 1995;117:570-6

Wounds, gunshot
Gunshot injuries of the liver: the Baragwanath experience (Degiannis et al). 1995;117:359-64

Wounds, penetrating
Gunshot injuries of the liver: the Baragwanath experience (Degiannis et al). 1995;117:359-64

Wounds and injuries
Hepatic metabolic response to injury and sepsis (Dahn et al). 1995;117:520-30
Pulsatile nature of growth hormone levels in critically ill trauma victims (Melarvie et al). 1995;117:402-8

Z

Zollinger-Ellison syndrome
Localization of gastrinomas by endoscopic ultrasonography in patients with Zollinger-Ellison syndrome (Ruszniewski et al). 1995;117:629-35

Zymosan
Alpha-tocopherol attenuates lung edema and lipid peroxidation caused by acute zymosan-induced peritonitis (Demling et al). 1995;117:226-31
